Wasted

Distant Sun

In the stillness of my mind I know I might not find the answers I am seeking now
All the beauty's left behind I'm so dissatisfied to live with never breathing now, nowI want it but I don't need it,
I'm just wasted but it makes me happy
it makes me happyAll the emptiness inside just helps me justify that I need something to heal me now
In the bitterness of life the ending won't suffice, it all begins to fail me now, nowI want it but I don't need It
I'm just wasted but it makes me happy
I don't like it but I can't fight it
I just want it to keep me happy
to keep me happyI don't need to hide now, I am not afraid and I know like a hero I'll chase it all away and make it go, make it goI want it but I don't need It
I'm just wasted but it makes me happy
I don't like it but I can't fight it
I just want it to keep me happy
to keep me happy
to keep me happy
