Who Owes

Sicko

When I heard he was accused
read the story in the news
and I said it was a lie
He's not the kind of person to
but then again neither are you
I know the what where when and how
but why...and who owes whoAll these years that I thought
you owed me one
now the memory of it all
suddenly changed
as if that was not enough
wonder if I remind you of
and exactly who it was
that was estrangedThen you left, disappeared
from the memories you feared
escape is what you chose
and all I want to know is who owesNever knew, yeah, I didn't have a clue
no surprise look at the size
of my little world
but you never said a thing
or I wasn't listening
I don't have time to pay attention to a girl
