

Dirty Love

Thunder

I see you walking by, you've got that faraway look in your eye
It was only yesterday, like a cheap suit you were all over me
I should know better by now my friend, just what I mean to you
You've been running in and out of my life so long
I don't want nothing to do with youChorus:
I don't need your dirty love, I don't want you touching me
I don't want your dirty love, it's enough, trying to live with the memoryNa na na na na na na, na na na na na na
na naChew me up, spit me out, you turned my whole world inside out
There's a name for girls like you
You belong in the gutter, I know that you do
Baby I've had enough lies to last the rest of my days on earth
So now you're gonna get what you deserveI don't need your dirty love, I don't want you touching me
I don't want your dirty love, it's enoughI know there ain't no way I'll stay, we were gonna break it up some day
And that day is now, baby I'm getting out
So don't you cry now, sigh now
'Cos you've been living a lie now when I'm not around(Solo)You've been running in and out of my life so long
There ain't no way I'll stay, no waychorusNa na na na na na na, na na na na na na na
Na na na na na na na, na na na na na na na, I don't need your dirty loveSo get out, I've packed your bags, I
left 'em at the door
So get 'em out, start walkin'...
