

# I Will Not Take My Love Away

[Matt Wertz](#)

I will not take my love away  
When praises cease and seasons change  
while the whole world turns the other way  
I will not take my love away  
I will not leave you all alone  
When striving leads you far from home  
And there's no yield for what you've sown  
I will not leave you all alone  
I will give you what you need  
In plenty or in poverty  
Forever, always, look to me  
And I will give you what you need
