Room 13

Corey Taylor

Keep me alive
Only you can do it
If not you'll die too
And I'll see to itIt's hard to survive
Don't know if I can do itKeep me alive
I can't accept my fate
I need help
Before it's too lateIt's hard to survive, don't know if I can do it
I need to belong, I need to hang on
I need, needKeep me alive feelings I must obey
Can't turn my eyes from the past
This crisis is the lastKeep me alive
I rely on your judgement
I've got none left of my own
Don't know what I'm doingIt's hard to survive, don't know if I can do it
I need to belong, I need to hang on
I need, needKeep me alive
Only you can do it
Keep me alive
Only you can do itIt's hard to survive, don't know if I can do itKeep me alive
Keep me alive
Keep me alive
Keep me aliveIt's hard to survive, don't know if I can do it
I need to belong, I need to hang on
I need, need
