The Greatest View (feat. Isabella Manfredi)

Flume

The coldest peak,
I feel it now
I'm lookin down
Your face to me
And I see red
In melody
Come and back me up, oh what's that baby?All my love
Feel it close
It's close enough
The greatest view
The greatest view is you baby
'Cause I've been there beforeYes I'll be fine, you know I'll be fine (repeat)All I see
They find piece
It's easy prey
At my bed
Feel it close
It's close enough
'Cause I've been there beforeAnd all my love
Fills up my eyes
Stay close to me
The greatest view
Straight to my chest
Is you baby
'Cause I've been there beforeYes I'll be fine, you know I'll be fine (repeat)
'Cause I've been there before
Yes I'll be fine, you know I'll be fine (x4)
'Cause I've been there beforeYes I'll be fine, you know I'll be fine (repeat)
