

Be Mine (with Erik Hassle)

[Ellie Goulding](#)

It's a good thing tears never show in the pouring rain
As if a good thing ever could make up for all the pain
There'll be no last chance to promise to never mess it up again
Just a sweet pain of watching your back as you walk
As I'm watching you walk away And now you're gone it's like an echo in my head
And I remember every word you said It's a cruel thing you'll never know all the ways I tried
It's a hard thing faking a smile when I feel
Like I'm falling apart inside And now you're gone it's like an echo in my head
And I remember every word you said And you never were
And you never will be mine
No you were never were
And you never will be mine For the first time there is no mercy in your eyes
And the cold winds hitting my face and you're gone
And you're walking away, away
And I am helpless sometimes
Wishing's just no good
'Cause you don't see me like I wish you would 'Cause you never were and you never will be mine
No you never were and you never will be mine There's a moment to seize every time that we meet
But you always keep passing me by
But you never were and you never will be mine
No you were never were and you never will be mine There's a moment to seize every time that we meet
But you always keep passing me by
But you never were and you never will be mine
