

# Reservoir

## Metronomy

I heard you made the hull of a boat downtown  
I heard you got a job at the builders yard  
But we should never say that we drifted far  
Yeah we should never say that we drifted far And I could never take good care of you  
Because we had so much to lose  
But we should never say that we drifted far  
Yeah we should take a trip to the reservoir  
Yeah we should take a trip to the reservoir Heartbeats drifting together  
Heartbeats aaaaah  
Walk in the wood  
Wet under foot  
Up to no good  
Ah-ah-ah-ah I heard you cast off and she sailed real fine  
I heard you met her bow with a bottle of wine  
Well you should let me know when you're home and dry  
Well you should let me know when you're home and dry I heard you took an old school friend with you  
The one you always said you would  
Well we can never say that we drifted far Yeah we should take a trip to the reservoir  
Yeah we should take a trip to the reservoir Heartbeats drifting together  
Heartbeats aaaaah  
Walk in the wood  
Wet under foot  
Up to no good  
Ah-ah-ah-ah
