

Loveback

Rachel Platten

May have heard this one before
Two people fall in love and one loves the other more
You rise and fall, you curse it all
That's the way it went for me
Then you changed the way I see
You make it feel the way I always wanted love to be
So safe to fall, so comfortable
You don't know what you do for me 'Cause demons get in my head sometimes
And they beat me up and they tell me lies
But you see the good, and you hold it tight
Yeah, you are the reason that I see in blinding lights
Now I know, now I know that
When I give love, (I get love) I get love back
Now I know, now I know that
When I say that I love you, I get love back
Save me from the silent nights, answers that I couldn't find (answers that I couldn't find)
Now I know (now I know), now I know that
When I say that I love you, I get love back Keep me steady on my feet
When I am inside your arms, there's no harm that comes to me
My heart is full, invincible
You know exactly what I need
When demons get in my head sometimes
You pull me close, and you let me cry
You stay awake 'til I close my eyes
Yeah, you are the reason that I see in blinding lights
Now I know, now I know that
When I give love, (I get love) I get love back
Now I know (now I know), now I know that
When I say that I love you, I get love back
Save me from the silent nights, answers that I couldn't find (answers that I couldn't find)
Now I know, now I know that
When I say that I love you, I get love back You did that, you did that, you did that for me
You made me, you made me believe (you made me believe)
Oh, you're safe now, you're safe now, you're safe now for me
To get love, 'cause I get love back Now I know, now I know that
When I give love, I get love back
Now I know, now I know that
When I say that I love you, yeah, I get love back
Now I know (I get love back), now I know that

When I give love, (I get love) I get love back
Now I know (now I know), now I know that
When I say that I love you, ooh ooh, I get love back
Save me from the silent nights, answers that I couldn't find (answers that I couldn't find)
Now I know (now I know), now I know that
When I say that I love you, I get love back Yes, I do, yes, I do
I get love back
Yes, I do, yes, I do
I get love back
