

Unison

Laura Branigan

Some where tonight
We come alive
Two hearts ignite
We're one of a kind Here we are undivided by
Anything just you and I
We've come so far no one else could ever
Steal away what we confide Who wants to know? We stick together we're never apart
Everybody knows who we are
Because we are one
We do it in unison The look in your eye
The flash of your smile
Never too shy
Playin' ever so wild Baby, here we are, I'm relying on
No one else but you and I
We've come so far, no one else could ever
Steal away what we confide Who wants to know? We stick together, we're never apart
Everybody knows who we are
Because we are one
We do it in unison, in unison We come together and stronger we are
Just when the world can tear us apart
We go on as one
We do it in unison, unison You and me as one
Stay together, unison
Stay together
Unison Baby, here we are undivided by
Anything just you and I
We've come so far, no one else could ever
Steal away what we confide Who wants to know? We stick together, we stick together
We stick together, we're never apart
We stick together because we are one
We do it in unison We stick together we're never apart
Everybody knows who we are
Because we are one
We do it in unison, in unison We come together and stronger we are
Just when the world can tear us apart
We go on as one
We do it in unison, unison We stick together we're never apart
Everybody knows who we are
Because we are one

We do it in unison, in unison
