

# It's All Yours (Feat. Gina Thompson)

MC Lyte

Our love is old school like Mary Jane's  
Boston big beans and candy cane's  
Exchange you look on a number two train  
Run catch kiss sunshine or rain  
Jackson 5 good times with Jefferson's  
Yeah Baby you know I liked it better when  
You lived closer but then you moved  
But that couldn't stop our groove  
My magic man my Brooklyn boy I wonder  
I rub your shoulders and impress that you was under  
Late night rides out to sunrise  
Catch a flick or two and went back to bedside  
You in the bubble goose me in the sheep skin  
Cold as hell back then it wasn't mattering  
Long as we're hand in hand your my man I'm your girl  
Ready to conquer the world[Chorus]  
This is for all the years you've been  
My companion as well as my best friend  
So tonight Baby I'm giving you what you want  
It's all yours Our love is like a Romeo and Juliet flick  
So surreal but yet picturous  
There were problems I can admit  
But we handled it and still the candles lit  
So glad that we didn't just jet  
Cause now we reap the benefits  
Who would have thought  
The cute little boy from down the street  
Would fall in love with me  
It's like a number one dream come true  
To have somebody you love love you  
And that's all that matters  
Is that we grow together make sure we never  
You're the reason I live  
Because I want you to get all that I got to give  
Long as we're hand in hand your my man I'm your girl  
Ready to conquer the world[Chorus]  
Our love is mystical like galaxies you can't touch  
Around the world and back again I love you that much  
Our love is destiny like Bonnie and Clyde

We'll die bolded side by side  
Throughout the day I remain truthful  
I keep it tight for you sexy and useful  
I told my mom when our days are through  
If you have to go first bury me next to you  
What I feel is unexplainable, 'I love you'  
Just ain't enough to say to you  
You've been there from the beginning to the end  
My companion as well as my best friend  
You got my heart now, here's my life  
Yes I'm ready to be your wife  
From here one know that your the one Everything you want it has to be done [Chorus]
