

# What I Need (Erik Moore Mix)

## Crystal Waters

I said I'm tired and lost  
I said I'm sick and tired  
I'm tired of feeling the sameWell, I've been searching  
    Been looking so long  
    Forgot what the hell  
What I was looking forUptight, nothing right  
    Can't sleep, can't eat  
    All night in bed I cry  
Need somebody by my sideI feel my heart and soul  
    I feel the beat  
    I wish someone would give me  
What say? What say?What I need, I need  
    What I need, I need  
    I need something to come over me  
Lift me up and set me freeSomeone who can give me  
    What I need, I need  
    What I need, yeahI said I'm lonely  
    And I don't believe  
    I've been waiting long  
For someone to believe inBut I been talking  
    Been talking so long  
    I forgot what the hell  
What I was talking 'boutI'm uptight, nothing right  
    Can't eat, can't sleep  
    All night in bed I cry  
Need somebody by my sideI feel my heart and soul  
    I feel the beat  
    I wish someone would give me  
What I say, what I say  
    What I need, I need  
What I need, I needI need something to come over me  
    Lift me up and set me free  
    Someone who will give  
    What I need, I need  
What I need, I needI need something to come over me  
    Lift me up and set me free  
    Someone who will give  
    What I need, I need  
What I need, I needI said I'm uptight, nothing right

Can't eat, can't sleep  
All night in bed, I cry  
Need somebody by my sideI feel my heart and soul  
I feel the beat  
I wish someone would give me  
What I say, what I sayI said I'm uptight, nothing right  
Can't eat, can't sleep  
All night in bed, I cry  
Need somebody by my sideI feel my heart and soul  
I feel the beat  
I wish someone would give me  
What I say, what I sayI said I'm uptight, nothing right  
Can't eat, can't sleep  
All night in bed, I cry  
Need somebody by my sideI give my heart and soul  
I give 'em me  
I wish someone would give me  
What I say, what I sayWhat I need, what I need, I need  
I need something to come over me  
Lift me up and set me free  
Someone who will give  
What I need, I need  
What I need, yeahI need, what I need  
I need, I need  
What I need, I need  
I need, I need  
What I need, I needI need, I need  
What I need, I need  
I need, I need  
What I need, I need
