T.O.R.N.A.D.O.

The Go! Team

It's the T-O-R-N-A-D-O
It's the T-O-R-N-A-D-O
It's the prototype
It's the double strike
From the get goIt's the T-O-R-N-A-D-O
It's the T-O-R-N-A-D-O
It's the prototype
It's the double strike
From the get goMy head's in check, my word is legit
I got three wishes on a two way split
Game ready, rock steady forever
Your fire we're down for whateverMajor praise and don't delay
When I sashay I take motorcades
I mean it more than anyone
I'm sweet on the beat and I keep it lo' slung
I'm sweet on the beat and I keep it lo' slungGet your treats from streets and chaos galore
And mayhem, better brace yourself for it
We're the troopers on parade
We're the cream in the green beretsMaking like we're professionals
If the cheques too low, move the decimal
'Cause I know my aspect ratio
From the get goIt's the T-O-R-N-A-D-O
It's the T-O-R-N-A-D-O
Its' the prototype
It's the double strike
From the get goJump, jump, you can catch me on the fly
Jump, jump, watch me amplify
'Cause blowing amps is the master plan
So shake the ceiling and wave your handsThere's steel on the reel for the mass appeal
Got an elegant way and it's all for real
Hold tight like title holders
We're the ringside holy rollersGetting down to the nitty-gritty
Took the G I sound 'til the music hit me
So, step it back, the battle's won
I'm sweet on the beat and I keep it lo' slung
I'm sweet on the beat and I keep it lo' slung
