

Bombay

Golden Earring

From the Albums:

* Contraband

* Naked II Bombay seems lost in dreams

When the pipes let off steam

In a backroom

Somewhere, anywhere in L.A.

Next payday comes, I'll be gone

By boats and planes, it's pre-arranged

You can't catch me, I'm on my way

Back to Bombay

Bombay

Ain't gonna leave no trace

Gonna wash away my face

In the Bombay river

I'm gonna settle

I'm gonna stay in Bombay

I'm gonna trade my past

For a new life at last

Sit back and have another blast

If I die, Kamasutra's the reason why

Kamasutra I surrender
