

# I Got It All

Ray J

Yea, DJ Clue

[Chorus]

Lemme breathe

Everything

Ice he sees

Diamond rings

Whatever you want

I got it all

But I gotta let you know

Always watch

Out for those

Triflin friends

Tryna play the role

Next to me

It'll never be

So I wanna let you know

Never see me out with no amateurs

We only need to see yours and managers

The ice bright from southern Cali Canada

But you hater out here

I gots to damage ya

Ya pissed 'cause I'm on a speed boat

In maowi hanging

I be six four

Hoppin' out in Cali swangin'

But its hard to find me though

I stay deep

With a team that's

Grimey though

You ain't know

Bridge

Ayo everything we droppin'

Be like fire

Something you can feel

Keep keep on

Keep keep on

Keep keep on

Ayo everything we droppin'

Be like fire

And its oh so real

Keep keep on

Keep keep on

Keep keep on

[Chorus]

Yo my neck chunky

Six-pac freezin'

Way below zero

Its winter season

Ray J 19 ballin outta the region

Now my motto

Get the meals fuck them g's n

I felt like I jus had to tell you this

Man I got more sounds in my trunck than elephants

Yea this rap thang

It ain't half my elements

You wanna be down well baby you betta ghetto shit

[Chorus x2]

All my niggas

That's makin figures

This ain't for no haters

We got too much riches

This is for my ladies

An all why'all chickens

Jus keep on makin paper

Lets get these millions

This is for my niggas

That's making figures
