Time Marches On

Wipers

I feel it's a mystery
And I know what it's for
It's really around this
Why don't we
Just take it on?
These days are now wasted
But we still remain
And it reminds me that it's especially late...
Will you surrender?
This good thing we have...
Lookin' behind us...
Is lookin in vain...
These days surround us now
But we can take hold
They think since you've seen it once, yeah
That you've seen it all...
Will you surrender?
This good this that we had...
As time marches on us
We're livin too fast...
Will you surrender?
These days lead to hours...
These hours to days...
I'm watchin behind this
'Cause it's just slippin' away...
Will you surrender?
This good thing we have?
As time marches on us
We're livin too fast...
Will you surrender?
Will you surrender?
Will you surrender?
Will you surrender?
Will you surrender?
Will you surrender?
Will you surrender?
Will you surrender?
