Saint Tropez

Marcin Brzozowski

There's a place that's full of danger
Not a place for good girls
It's a place that's full of strangers
Watching you, wanting you
Who'd have thought
You'd walk on the wild side
'Cause you were always so pristine
Who'd have thought, you'd jump on this wild ride with me
You make me feel like dancin'
Down on the Riviera
There's a town called Saint Tropez
Where a girl like you's a "Pachanguera"
You make me feel like dancin'
We'll make it last forever
Let's get away to Saint Tropez
'Cause a girl like you's a "Pachanguera"
We're makin' love
With just a glance
Un nouvo amor
A new romance
There's a world that sleeps within you
It's a world of freedom, it's a place
Where every dream
You dream inside can come true
Who'd have thought
You'd waken your wild side
'Cause you were like a beauty queen
Who'd have thought your Pandora's box was me
You make me feel like dancin'
Down on the Riviera
There's a town called Saint Tropez
Where a girl like you's a "Pachanguera"
You make me feel like dancin'
We'll make it last forever

Let's go away to Saint Tropez
'Cause a girl like you's a "Pachanguera"
We're makin' love
With just a glance

Un nouvo amor
A new romance
You make me laugh
You make me dance
Un nouvo amor
A game of chance
Who'd have thought
You'd walk on the wild side
'Cause you were always so pristine
Who'd have thought, you'd jump on this wild ride with me
You make me feel like dancin'
Down on the riviera
There's a town called Saint Tropez
Where a girl like you's a "Pachanguera"
You make it feel like real thing
We'll make it last forever
Let's get away to Saint Tropez
'Cause a girl like you's a "Pachanguera"
We're makin' love
With just a glance
Un nouvo amor
A new romance
You make me laugh
You make me dance
Un nouvo amor
A game of chance
You make me laugh
You make me dance
Un nouvo amor
