

# Songs of Love

## Maze

We should be singing  
We should be singing our  
We should be singing our  
Better learn to live together  
That's the only way it should be  
We can't make it without each other  
That's the cold reality  
Better stop acting like we're crazy  
Heaven knows we need a break  
Cause we all have to live so let's think positive  
How much more are we gonna take  
We should be singing  
We should be singing our  
We should be singing  
We should be singing our  
I appreciate your freedom  
I just think we could do more  
In stead of bitchin about your problems  
There are things to thankful for  
We've got to change up our thinking for what is right  
Take a chance my man give it all you can  
Make up your mind stop wasteing your time  
Give it up give it up giveit up right now  
We should be singing  
We should be singing our  
We should be singing  
We should be singing our
