

# Intro (feat. 40. Cal)

2Pac

Good Evening  
I'm reporting live from Sunset Boulevard  
Where many excited fans have gathered with candles  
Awaiting the much anticipated release, of Tupac Shakur's latest album, Better Dayz  
This is yet another post-humorous release by Tupac  
Which, raises the question  
Where are these songs coming from?  
It's interesting how, the message in these songs  
Is still relevant today  
Even in his death, he's touching people with his lyrics  
I can feel the energy in the air, as they count down to midnight  
When the album will officially be released  
Oh, hold on, I, think they're starting to countdown now 5, 4, 3, 2, 1
