

# Hots On for Nowhere

## Led Zeppelin

I was burned in the heat of the moment,  
Though it couldn't have been the heat of the day  
When I learned how my time had been wasted,  
(And a) tear fell as I turned away Now I've got friends who will give me their shoulder,  
Event I should happen to fall  
Time and his bride growing older  
I've got friends who will give me fuck all (On the) corner of Bleeker and nowhere  
In the land of not quite day  
A shiver runs down my backbone  
Face in the mirror turns grey So (I) looked round to hitch up the reindeer  
Searching hard trying to brighten the day  
I turned around to look for the snowman  
To my surprise he'd melted away. As the moon and the stars call the order  
Inside my tides dance the ebb and sway  
The sun in my soul's sinking lower  
While the hope in my hands turns to clay  
I don't ask that my field's full of clover  
I don't moan at opportunity's door  
And if you ask my advice, take it slower  
Then your story'd be your finest reward. Lost on the path to attainment  
Search in the eyes of the wise  
When I bled from the heart of the matter  
I started bleeding without a disguise Now everything's fine under heaven  
Now and then you've got to take time to pause  
When you're down on the ground, don't be messin' around  
Or you'll land in a boat without oars  
Hey babe, Hey babe, Hey babe,  
I lost my way. Hey babe, Hey babe,  
I don't know where I'm gonna find it. Hey babe, Hey babe,  
Do you wanna know,  
Do you really, really, wanna help me, yeah? Let me tell you now, babe  
Let me tell you  
That it feels so good that it must be right Now my babe,  
Let me tell you  
That it feels so good that it must be right...
