

Before the Fall

September Mourning

We might be through with the past but the past isn't through with us
Hung overhead like storm clouds
Wash away what we've become
The rise before the fall
When the lies were all torn away
The rage is burning from within
your scars I'm wearing on my skin
My fatal flaw
The weakest part of me is you
Bury me alive
With Broken Hands of time
Heartless soldier with the onyx eyes
Loosing blind faith in daylight
Darkness comes all at once
The rise before the fall
When the lies were all torn away
The rage is burning from within
Your scars I'm wearing on my skin
My fatal flaw
The weakest part of me is you
And i
Words exploding like ten thousand white grenades
Stars that bleed from skies we've known
All our days
It's never ending
It's never ending
It's never ending
No matter what comes of us
When we bleed we bleed the same
No matter what comes of us
When we bleed we bleed the same
No matter what comes of us
When we bleed we bleed the same
The rage is burning from within
Your scars I'm wearing on my skin
My fatal flaw
The weakest part of you is me
(In the rise before the fall)
The weakest part of you is me
(In the rise before the fall)
The weakest part of you is me
(In the rise before the fall)
The weakest part of you is me
(In the rise before the fall)

The weakest part of you is me
