

Fight the Good Fight

Peon

Days grow shorter and the nights are getting long
Feels like we're running out of time
Every day it seems much harder tellin' right from wrong
You got to read between the lines Don't get discouraged, don't be afraid, we can
Make it through another day
Make it worth the price we pay The Good Book says it's better to give than to receive
I do my best to do my part
Nothin' in my pockets I got nothin' up my sleeve
I keep my magic in my heart Keep up your spirit, keep up your faith, baby
I am counting on you
You know what you've got to do Fight the good fight every moment
Every minute every day
Fight the good fight every moment
It's your only way All your life you've been waiting for your chance
Where you'll fit into the plan
But you're the master of your own destiny
So give and take the best that you can You think a little more money can buy your soul some rest
You'd better think of something else instead
You're so afraid of being honest with yourself
You'd better take a look inside your head Nothing is easy, nothing good is free on earth
But I can tell you where to start
Take a look inside your heart
There's an answer in your heart Fight the good fight every moment
Every minute every day
Fight the good fight every moment
Make it worth the price we pay Every moment of your lifetime
Every minute every day
Fight the good fight every moment
Make it worth the price we pay
