## **Whiskey Girl**

## **Gillian Welch**

Nowhere man and the whiskey girl

They loaded up for a weekend in the underworldI'd take you down honey if I could

I'd take you down honey if I could

We find a place in the sunshine, we'd be feeling goodDon't you know that it ain't a crime

Don't you know that it ain't a crime

If all the squares and the junk men think you're out of lineNowhere man and the whiskey girl

Nowhere man and the whiskey girl

They loaded up for a weekend in the underworld
