

# Yours Forever

**Dara Maclean**

I used to walk this town  
With my head hanging down  
I felt so alone  
I was so close to giving up  
Lost all hope in love  
So far from home  
Oh, oh,

Thank You for finding me when You did  
You changed my life, now I believe  
That love is all, that I'll ever need  
I promise my heart and all that I am  
I'm Yours forever my love

You came and You rescued me  
Showed me life as it's meant to be  
So beautiful  
You love me so differently  
Chase all my fears away  
I'm finally whole  
Oh, oh,

Thank You for finding me when You did  
You changed my life, now I believe  
That love is all, that I'll ever need  
I promise my heart and all that I am

I'm with You  
You're right beside me  
I feel You near  
Right here to guide me  
I'm with You  
You're right beside me  
To guide me home

Thank You for finding me when You did  
You changed my life, now I believe  
That love is all, that I'll ever need  
I promise my heart and all that I am  
I'm Yours forever my love
