

Fistful of Diamonds

W.A.S.P.

Money makes me crazy, money makes me insane
Diamonds, silver, gold, and precious steel
I want it all; it's mine to claim
I hold my hands out, I take it all[Chorus:]
I want a fistful, fistful of diamonds
I live for the glory and fame
I want a fistful, fistful of diamonds
The millions are calling my name Fortune come here to me; it's power that rules the game
Seduction of silver and lawless greed
I love it all; I damn the shame
The root of all evil can hear me call[Chorus] Solitaire, come cast a spell of magic
The smell of green, I stack my dollars high
Intoxicating, my mind's wreaking havoc
A famous face, I get what you can't buy[Chorus]
