

# Smilin

## Coco Jones

You got me smilin', again you  
Got me smilin' again  
Smilin', again you  
Got me smilin', again One night of pleasure, nine months of pain  
Three days later and that's when you came  
Two arms, two legs, ten fingers, ten toes  
Brown eyes like Mom, with your Grandmother's nose Even though you're Momma's baby  
And Daddy's little baby  
My love is unconditional to one of us is Swayze  
Day or night, roll the light, no matter what you do  
Like the Jackson 5 said, I'll be there for you 'coz My life is your life and your life is mine  
Through thick and thin I'm your friend 'til the end of time  
I'll make sure you get your props, you can call me pops  
And anything you need, I'll pull it out of the stops Even though we're not together like we used to be  
D-A-D-D-Y, you can count on me  
'Coz when I'm feelin' down every now and then  
I take a look into your eyes and I smile again You got me smilin', again you  
Got me smilin' again  
Smilin', again you  
Got me smilin', again Forget about Batman, Superman and the Power Rangers  
'Coz I'ma be your hero if you ever in some danger  
This ain't the Huckstables and my name ain't Cliff  
No matter how old you get, you could get that ass whipped Daddy, don't take no mess  
And I ain't gone settle for nothing less than your very best  
When I do what I do 'coz you did what you did  
It's 'coz I ain't the kind of father that be raising no dumb ass kids You gotta be a leader, it's my responsibility to  
teach ya  
Right from wrong and make decisions of your own  
I never said that I was perfect but I know you're worth it so  
I'ma do my damnest, to make sure you get some chances So just listen to your Daddy 'coz he tryin' to tell ya  
something  
And don't let nobody tell ya, I don't love ya 'coz they frontin'  
'Coz when I'm feelin' down, every now and then  
I take a look into your eyes and I smile again You got me smilin', again you  
Got me smilin' again  
Smilin', again you  
Got me smilin', again You got me smilin'  
La, la, la, la, la, la, la, la  
You got me smilin'

La, la, la, la, la, la, laEvery day is a struggle, when life is like a puzzle  
That we gotta put together, together so and ever  
You need a shoulder to cry on and someone you can rely on  
Your Daddy's homeI'm tryin' to build a foundation on which you could stand  
When you's a grown woman and you's a grown man  
I got open ears when the world ain't tryin' to hear  
When I can't be there in the flesh, I'm there in the spiritI'm tryna make an impression on the things that you  
stand for  
The knowledge that I give, you could teach your kids  
I know it's hard growing up 'coz I used to be a youngsta  
So we gon' work as a team  
So the [incomprehensible] don't take ya underPeople let me tell ya about my best friends  
'Coz I'm down with the children, all the way 'til the end  
'Coz when I'm feelin' down, every now and then  
I take a look into they eyes and I smile againYou got me smilin', again you  
Got me smilin' again  
Smilin', again you  
Got me smilin', againYou got me smilin', again you  
Got me smilin' again  
Smilin', again you  
Got me smilin', again
