

# Animal Backwards

## Minus The Bear

In the reflection, in the reflection  
I don't know you that well but I like your energy  
She is a wolf lookin' through my window  
She is a wolf lookin' through my window  
You know I'm safe, my wolf, I wanna roam  
Behind this pane, behind this wall of stone  
Caught in the pull of your green-eyed glow  
I wanna feel my skin in the snow  
She is a wolf lookin' through my window  
She is a wolf lookin' through my window  
Caught in the pull of your green-eyed glow  
I wanna feel my skin in the snow  
You know I'm safe, my wolf, I wanna roam  
Behind this pane, behind this wall of stone  
She is a wolf lookin' through my window  
She is a wolf lookin' through my window  
(She is a wolf lookin' through my window) Ahh, ahh, ahh, ahh  
Ahh, ahh, ahh, ahh, ahh My new love  
Howlin' in the night outside  
In the night outside My new love  
Howlin' in the night outside  
In the moonlight My new love  
Howlin' in the moon light  
In the moonlight I don't know you that well but I like your energy  
(Your reflection)  
I don't know you that well but I like your energy  
(Your reflection, your reflection)  
Caught in the pull of your green eyed glow  
She is a wolf lookin' through my window  
(I wanna feel my skin in the snow)  
She is a wolf lookin' through my window  
(You know I'm safe, my wolf, I wanna roam) She is a wolf lookin' through my window  
(Behind this pane, behind this wall of stone)  
She is a wolf lookin' through my window Ahh, ahh, ahh, ahh  
Ahh, ahh, ahh, ahh, ahh
