

# Iconoclast

## Ncrodeath

This is my revenge full of bloody hate  
Against the unholy and false words of god  
Warrior of hell, adverse to the sacred, iconoclast  
Black fallen angel, I fight and destroy  
When I'll find heaven, I'll announce my last war  
ZAZAS, NASTANADA, hell - seven deaths  
Cry, breaking out the holy silence of the place  
Devoted to the malignant and soldier of disgust  
Warrior of hell, adverse to the sacred, iconoclast  
None of you can't bring me down and stop my mission  
Fight and destroy the image of the redeemer  
ZAZAS...

But you dance in the heaven Lord Satan, without god you're the new possessor out of the flames of dying, now  
you govern  
And judge in the name of those that have acted for you setting on fire the holy images, glory to the master risen  
from  
darkness, wake up!  
Waiting the final war, waiting the last bell, like flames of hell like warrior I die
