

Turning a New Leaf

Nazareth

Dragged up, raised tough
Born a mistake
Learned fast the golden rule
Never give, just take Did no favors, gave no quarter
You all know the story 'bout
The lamb's Broadway slaughter Turning a new leaf
Turning a new leaf
Turning a new leaf Street wise, cat's eyes
Show business smile
Lookin' for today's mark
On the golden mile Book wise, movie eyes
So cool dudes
Ain't gonna do no talking
When they find out they been used Turning a new leaf
Turning a new leaf
Turning a new leaf Got to take some time
Go through the changes
My whole life needs some rearrangin' Self-styled reject
Ambitious wisher
Also ran lifestyle
Guaranteed user Like a campaign promise from a three time loser
Got to make my move soon
Because beggars can't be choosers
So I'm Turning a new leaf
Turning a new leaf
Turning a new leaf
Turning a new leaf
Turning a new leaf
Turning a new leaf
