Strays

Kopek

My daddy ain't home tonight
It's alright, I'll run wild
My momma don't have a clue
What we do, she so blue

But I won't let it get me down
I will live through, I'll make due
'Cause when I hit that dance floor
My feet sting, and my heart sing

Hey dude, I love the way you bring something to prove
wait kid, don't you worry now, it's nothing you did
Hey groove, keep on dancing like there's nothing to lose
Right on, go drown
We are just children from a broken home

I made a new decision to win big, can you dig?
I made my first decision
I left scars, I fell hard

But I won't let it get me down
I will live through, I'll make due
'Cause when I hit that dance floor
My feet sting, and my heart sing

Hey dude, I love the way you bring something to prove
Wait kid, don't you worry now, it's nothing you did
Hey groove, keep on dancing like there's nothing to lose
Right on, go drown
We are just children from a broken home

Hey dude, I love the way you bring something to prove
Wait kid, don't you worry now, it's nothing you did
Hey groove, keep on dancing like there's nothing to lose
Right on, go drown
We are just children from a broken home

Hey!
