I Gotta Move

Ben Kweller

I gotta move
While the streets ahead are sunny
Fall in love with some honey
Ohh, mama, I gotta move
I just can't sit still in this small town
Theres nothin' more here I hit the ceiling
So in the morning I'll hit the highway
Ooh, I just can't stay
I gotta move
While the streets ahead are sunny
Fall in love with some honey
Ohh, mama, I gotta move
It's time I broke out into the open
You know I'll settle down again some day
I need some new land and form a rock band
Ooh, I'm on my way
I gotta move
While the streets ahead are sunny
Fall in love with some honey
Ohh, mama, I gotta move
It's time to move
I gotta move
While the streets ahead are sunny
Fall in love with some honey
Ohh, mama, I gotta move
Whoa, I gotta move
While the streets ahead are sunny
Fall in love with some honey
Ohh, mama, I gotta move
Whoa, I gotta move
While the streets ahead are sunny
Fall in love with some honey
Ohh, mama, I gotta move
Whoa, I gotta move
While my futures bright ans sunny
Make some noise and make some money
Ohh mama, I gotta move
Whoa, I gotta move
Whoa, I gotta move

Whoa, I gotta move
Ohh mama, I gotta move
