[ CHORUS: Both 2x ]

Niggaz ain't fuckin with us  
Cause we strapped with them guns  
And we always shoot 'em  
Nigga you got us fucked up  
Ain't no hater in us  
We some real muthufuckas baby

[ Eightball ]

Nigga I clown fo' mine  
I get it down fo' mine  
If necessary pull shit and bust a round fo' mine  
You know my sound design  
For niggaz street encline  
Southern niggas on tha grind  
Shine and recline  
I stay hard like fake tits  
Dig like ice-picks  
Disrespect the 'Slab' and yo wig I might split  
You hide we find you  
Creep up from behind you  
And leave you with some heat that will always remind you

[ MJG ]

Because of that big trigget  
You niggaz need to quit givin cheese out  
You probably wear your knee's out  
Yo' wife wanna leave out  
But when she pull them keys out  
A bunch of that please baby please  
What it be'z bout  
But what we be'z bout is big body  
When we roll up in ya after party  
Been smokin wait but hold up, stop, don't tell nobody  
Stage holda, mic controller, money gripper  
Toe tipper, nigga big time hoe flipper

[ CHORUS: 2x ]

[ MJG ]

When I roll bitches  
Lyrical lethal like it was dope hard Moonshine  
Niggaz playin like cartoon time  
He get tucked in the dark room time  
To a busta who done died, why?  
All because he tried  
What? To tell the truth about some shit  
But that nigga lied  
Talkin about he don't bump us in his ride  
Nigga FUCK you  
And the horse you rode on too  
You can't fuck with me  
Unless you stressed to be an absentee perminately

[ Eightball ]

I don't bard no nigga talkin bout what he got  
Until you show me somethin nigga you just talkin a lot  
Niggaz love to start shit  
Poppin that hard shit  
Catch them alone and they convert to a broad quik  
Where them niggaz at?

[ Ball they all fake, they puttin on a act dawg ]

But sometimes I act a fool nigga  
I'm certified in takin bitces to school nigga  
The rule is for MJG to stack paper  
And fuck bitch niggaz up when they act hata

[ Eightball ]

For them niggaz and them bitches tryna get up on they feet  
Haters get a hollow tip deep off in they fo'head  
All over some punk shit that bitch shouldn't have neva said

[ MJG ]
