Angel

Brian Tyler

You are my angel
Come from way above to bring me love
Her eyes, she's on the dark side
Neutralize every man in sightTo love you, love you, love you
To love you, love you, love you
To love youYou are my angel
Come from way aboveTo love you, love you, love you
To love you, love you, love youHer eyes
She's on the dark sideI love you, love you, love you
To love you, love you, love you
To love you, love you, love you
To love you, love you, love youTo love you, love you, love you
To love you, love you, love you
To love you, love you, love you
To love you, love you, love youWhere'd you go off higher now, baby
It's been so long
Where'd you go off higher now, baby
It's been so longWhere'd you go off higher now, baby
It's been so long
Where'd you go off higher now, baby
It's been so longWhere'd you go off higher now, baby
It's been so long
Where'd you go off higher now, baby
It's been so long
