Bad Woman Blues

Spain

Some people say she is cursed
More trouble than she is worth
More trouble than she will ever be worthI knew I could get away
Knew it wasn't good to stay
Knew it wouldn't ever be good to stayI couldn't leave her if I tried
For I have touched her deep inside
Why can't these people understand
Why I am so sad, so sadThey ask me if I can see
She'll lead to the death of me
She'll lead someday to the death of meBut they may have overlooked
That I have become so hooked
That I have now become so hookedI couldn't leave her if I tried
For I have touched her deep inside
Why can't these people understand
Why I am so sad, so sad
