

Home (Instrumental)

Avery Watts

(VERSE 1)

By myself for some time
Theres nothing in my life
And everything I see reminds me of the painIt seems these days just never end
And Im my only friend

What better way to start again?(PRE-CHORUS)

But with this time will come a reason
Together we will see a changing of the season
This is what we really need
And when I say We
I mean you and me(CHORUS)

Lets go
Well leave
Make all new memoriesI need to know
Please show me
Take me homeLets go
Well leave
Make all new memoriesI need to know

Please save me
Take me home(VERSE 2)
How could I forget the times
with no one by my side?
Id trade it all for just one chance at something newThe time has come to stop this game
And throw away the shame
We can make this go away
