

# Parisienne Walkways

## The Apaches

(Gary Moore/Philip Lynott) I remember Paris in '49.  
The Champs Elysee, Saint Michel,  
and old Beaujolais wine.  
And I recall that you were mine  
in those Parisienne days. Looking back at the photographs.  
Those summer days spent outside corner cafes.  
Oh, I could write you paragraphs,  
about my old Parisienne days.
