

Opened the Door

Journey

Girl, oh you came to me
Touched my life
Girl, how you sheltered me
Touched my life
It's the joy you gave to me
When I was on my own alone Girl, your lips touchin' mine
Ooh, so fine
Girl, softly touchin' me
Ooh, so fine
She's the smile
Ooh, in my heart that sings
It's song for you again Ooh, she opened up the door
She made my life once more
Yes, she opened
Yeah, she opened up the door
Made my life once more
(Ya, you opened) Ooh, you opened up the door
You made my life once more
(Yeah, you opened)
