Body Harvest

Exodus

Awakened in ice near dead in a tub
Organs are cut out and gone, you pay the price
Phone and note call 911!!
Startled and scared
What to do next?
Who must be called?
Or will it be death!Removed, they take your spleen
Your heart is sold left there to bleedThis is no law
Bold Harvest
Left there to rot
Body Harvest
More organs sought
Body Harvest
For sale for allThe meat wagon greets you
And speeds to a thrust
Hurry to sew on the patch
Strapped to the table and cut to the bone
The blood type is just not a match
Startled and scared
What do you do next?
Who must you call?
The way to your death!This is no law
Bold Harvest
Left there to rot
Body Harvest
More organs sought
Body Harvest
For sale for allAwake in a room dripping with blood
The hunted has turned to the hunt
Attention is turning from me onto you
You have the parts that I want
Startled and scared
What do you do next?
Who must you call?
The way to your death!Removed, they take your spleen
Your heart is sold left there to bleedThis is no law
Bold Harvest
Left there to rot
Body Harvest

More organs sought
Body Harvest
For sale for all
