

AB (We Need Treatment)

The View

You shouldn't be so
You shouldn't be so
You shouldn't be so
You shouldn't be so

Oh when I call you up you shouldn't be afraid to say
You're not feeling oh so hot on this rainy day
And no circumstance will ever give you the chance
To break free of your sticky, nimble hands
So, don't sing it to me

You shouldn't be so A
You shouldn't be so B
You shouldn't be so hey, what's wrong with me?

No jadert cry, will ever bring the birds to fly
When your mind lies corrupt behind your eye
I've told you once before, that life is full of shite behind the door
But you must see outside of the box n grab so much more
So, don't sing it to me

You shouldn't be so A
You shouldn't be so B
You shouldn't be so hey, what's wrong with me?

And if the time should come for us to ever fall apart
I'll specialise in customising our cement sweetheart
It'll keep us together, through all sorts of weather
We'll sail down the stream full of tears
On the back of what's been
To keep away our ghosts lady

Don't you worry about, no don't you worry about
My AABB poetry
Don't you worry, have you seen her?
Did you see her go?

You shouldn't be so A
You shouldn't be so B

You shouldn't be so hey, what's wrong with me?

You shouldn't be so A

Oh, You shouldn't be so B

Oh, You shouldn't be so hey, what's wrong with me?

We need treatment, we need help

I'm not helping, help yourself
