NEULORE

Don't Shy From The Light - Neulore  
Of course I'll wait while you're hiding  
Of course I'll wait while you're deciding  
But don't shy from the light  
It'll never harm you  
Don't shy from the light  
It'll never harm you  
Of course I'll stay while you're denying  
Of course I'll stay while you wander blindly  
But don't shy from the light  
It'll never harm you  
Don't shy from the light  
It'll never harm you  
But don't shy from the light  
It'll never harm you  
Don't shy from the light  
It'll never harm you
