

Gush

William Steffey

[Intro]

Gush

Make the pussy just gush

Make the pussy just gush

Make the pussy just gush

Make it, make it, just gush

 Make it, just gush

I make the pussy just gush

I make it, just gush[Verse 1]

 I'm imagining things

 Do you wanna try?

 Take off your halo and wings

 Girl, I can make her fly[Pre-Chorus]

 I don't know, what's come over me

 My momma didn't raise me that way

 You lit a fire, from inside of me

 That'd light your seat ablaze, girl

 Light that ass on fire[Chorus]

 I could be the guy to treat you

 To a nice movie, feed you

 But I don't wanna mislead you

 Tonight I think I wanna be dirty, girl

 Do you wanna get dirty, girl? Come on

 Light that ass on fire

 Do you wanna get dirty, girl? Let's go[Bridge]

 Girl the world's watchin'

 From sunset to moonrise

 They're tryna catch a glimpse (intimacy)

Of you and I[Pre-Chorus] + [Chorus][Instrumental Interlude][Pre-Chorus] + [Chorus]
