Strangled Then Revived

Waco Jesus

Pschotic visions within a twisted mind
beyond bizarre I'm unable to describe
sickened thoughts of extreme perversion
and countless victims of severe mutilations
unusual acts of sexual stimulation
morbid fantasies of abnormal ecstasy
she is strangled then revived
brutally beaten
sodomized semiconscious and drugged
bound and restrained when fucked
motivated by frustration
piss and shit all over her face
self inflicted lacerations
forced to fuck me while menstruating
extreme perversion severe mutilation
sexually frustrated
during intercourse they are choked
I asphyxiate to enhance and achieve orgasm
shocking obscene obsessions
beating her to submission
secreting diseased semen
devourment of human feces
tonguing vaginal warts
caressing the naked body
fucking her with foreign objects
this time she's not revived
