Wanted Man

Rev Theory

Head down on a pillow of concrete
I won't rest in peace either way
And I won't be forgiven and I will never give in
I'll give you something if you wanna believeWon't ever belong
Just wanna be freeI'm a wanted man
Got blood on my hands

You keep tellin' me to back down, won't do it
Livin' on the wrong side of a bulletI'm a wanted man

Never stood a chance

Renegade from the day that I knew it Livin' on the wrong side of a bulletLaid down in a garden of envy Time is standin' still every day

And I won't be forgiven and I will never give in
I'll save you something but I can not be savedWon't ever belong
Just wanna be freeI'm a wanted man

Got blood on my hands

You keep tellin' me to back down, won't do it Livin' on the wrong side of a bulletI'm a wanted man

Never stood a chance

Renegade from the day that I knew it Livin' on the wrong side of a bulletAnd if I get out alive I won't be on my knees

Yeah, yeah

And if I get out aliveI'm a wanted man
Got blood on my hands
You keep tellin' me to back down, won't do it
Livin' on the wrong side of a bulletI'm a wanted man
Never stood a chance
Renegade from the day that I knew it
