

# Only You

NRBQ

Only you, no one else anymore  
Only you  
'Cause I know you will remember us all  
Because you have never been pretending  
Only youOnly you know we've taken so long  
Only you  
And only you can create a new song  
Only you, my only inspiration  
Only youI'll always be as I am  
And I'll always give a helping hand  
to who needs it  
I'll always do what I canI'll always be as I am  
And I'll always give a helping hand  
to who needs it  
I'll always do what I canOnly you look for good in us all  
Only you  
Because of you life is easier now  
And to you my love is never ending  
Only youOnly you
