

What Goes Boom

Pixies

Fattie had it made like a blade in the sun
Like a push in the bush when you got none
Ping pong bingo fills a la Ringo
Analog bong but it ring wrong
Make some room
What goes boom? I'm a fattie in my caddy with my 'ponic blunt
Not a stunted runt looking natty
Cozy as a manger Chet Baker in the changer
Subs for my dub and they got true
Make some room
What goes boom? Grace, in her lace and her stocking
Carryin' her bass, she really likes to get rocking
Oh darlin' Grace, are we going to get rocking? I like that slinky little punky little bit funky
Itty bitty chunky right there
Little bit lippy a whipped cream hippie
Zip and unzippy and I want her
Make some room
What goes boom?
Make some room
What goes boom? Grace in her lace and her stocking
Carryin' her bass she really likes to get rocking
Oh darlin' Grace are we going to get rocking?
Grace are we going to get rocking? Make some room
What goes boom?
