

Drag My Body

Hot Water Music

Well I got my heart up in a beautiful mess
I shouldve known better when I took the risk
To wreck myself and to gamble while broke
Shaking something mental at a loss for the words Id once known
I traded two steps forward for three steps back
To get to know the meaning of showing respect
I found the pedestals and burned them down
To kill my idols and to bury the thoughts underground
Im no longer deaf to the soundsIm hardly feeling human anymore
Enough to drag my body from the floorWell I got my head up in a critical mess
Fighting like a demon in a shell I possess
Gnashing my teeth and speaking in tongues
Still shaking something mental at a loss of the words Id once known
Somethings rattling my bonesIm hardly feeling human anymore
Enough to drag my body from the floorIm hardly feeling human anymore
Enough to drag my body from the floorStand to hold steady now
To take a breath and somehow
Take a step to begin again
After all we can only do out bestIm hardly feeling human anymore
Enough to drag my body from the floorIm hardly feeling human anymore
Enough to drag my body from the floorStand and hold steady now
