Everyone's Rooting for You

Sondre Lerche

Don't be ridiculous sweet darlin
Its so unlike you to be blue
You had 'em the moment you walked in
Everyone's rooting just for you
And every smile and every single grin
Conquers and captures their hearts and minds
You can't not win
Casting your spell,
So arresting, effortlessly flabbergasting
So far from what your suggesting
Girl that gaze is everlasting
So don't be a stranger little darling
Until forever we will root for youSo don't be ridiculous sweet darlin
Its so unlike you to be blue
You had 'em the moment you walked in
Everyone's rooting just for you
And every smile and every single grin
Conquers and captures their hearts and minds
You can't not win
Casting your spell,
So arresting, effortlessly flabbergasting
So far from what you're suggesting
Girl that gaze is everlasting
So don't be a stranger little darling
Until forever we will root
You won't ever get the boot
For forever we will root for you!
