Hey I'm landin' out to the sky to my space ship
She sayin' my slab lookin' better than her face lift (damn)
She love the candy swangin' with the bumper kit
She touched the butter and I cut didn't even have to say shit
I got her gone I'm in her mind (like I'm thinkin' wit her)
That's why I know what she thinkin' when she thinkin' nigga
Right now she wanna grab a pint of oil
I brought her here to let her taste it now I ask for it
She love them Houston Oilers she love the drank we sip
She love the way the candy shine and how the 4's flip
She know bout super pokers she know bout elbows
That's why when she see 'em she can't keep her legs closed
I said she love them Houston Oilers she love the drank we sip
She love the way the candy shine and how the 4's flip
She know bout super pokers she know bout elbows
That's why when she see 'em (she can't keep her legs closed)

[Chorus]

Hey I stay sippin' lean sittin' sideways
With some candy on 4's in ya driveway (damn)
I shoot spiders in the night time
With something on me that will have ya on the lifeline
Yea I'm crawlin' on them super pokers (ay)

Yea I'm crawlin' with that super soaker (ha ha)
So stay in ya lane
(I'm smoking on that purple, with that purple in my drank) (I feel good)
The Houston Oilers on Warren Moon
I'm number one like Warren Moon
South side I see ya candy red
Northside candy blue we all getting bread
And who are you
I'm who Mike Jones who Mike Jones
Who the hell is that
A player that came out first album double plat
So all you haters please fall back (hey)
