Deceiver

Amarna Reign

ou bury me in hills of sand
Lie by lie, you took my hand
The promises you made to me
Now bury me as grains of sand
I'll rip the teeth from the beast
I'll cut the tongue from this deceiver's mouth
Break the grasp of false prophet's hold
Let you fall into your fear
Let you fall into your own doubt
There's no way down,
When you drug yourself to the bottom
There's no way down,
When you cast yourself as...
Deceiver, deceiver, deceiver, deceiver
If you were who you said you were,
Then you would already know this
You would be here now and
The things you had done would speak for themselves
If you were who you said you were,
You would already know this
You would be here now and
Your blindfold is a mirror
You see nothing but yourself
To damn the ones that fight for you
Ignore their screams and cries for help
So welcome to the desert
This is the nightmare you've created
No way down,
When you've drug us down to the bottom
There's no way down,
When you cast yourself down in to the ground
If you were who you said you were,
Then you would already know this
You would be here now and
The things you had done would speak for themselves
So reach a hand and grab a hold
To lives you've shattered from lies you've told
So reach a hand and grab a hold
This is your last chance to now grab a hold

Reach a hand and grab a hold
So reach a hand and grab a hold
So reach a hand and grab a hold
