

# Grown & Sexy

## Babyface

He be playing you like you was a drive-thru  
(Looking for that quick love to go)  
I wonder when was the last time he held you  
(I bet you don't even know)  
He barely talks to you  
Bet he don't even know your number  
Got you on auto-dial  
Still he ain't called in awhile  
It's all about the clubs  
(His rides, his clothes)  
It's all about himself  
(That's how he rolls)  
Ain't like you need a reason to be leavin'  
Well I got ten for you girl  
One, because I'm grown and I'm sexy  
Two, because I know much more  
Three, you know I got whatcha missin'  
(That should give me credit for my number four)  
Five, 'cause I don't need your money  
Six, I got a real good job  
Seven, I got cash  
Eight, I got a crib  
(Even got a diamond if you're down for it)  
Nine, is 'cause I know you better than you know yourself  
Ten, is 'cause I'm grown and sexy  
(Like nobody else)  
How you affordably gettin' that apartment  
(When he don't even want a job)  
The player don't amount to nothing  
(He still living with his moms)  
He only comes to you  
Whenever he be needing something  
You know he's running game on you  
'Cause all that player do  
Its all about his world  
(It's all he knows)  
Its not about you girl  
(That's how he rolls)
